WINDOW WASHING SERVICES

Sparkling Clean Windows

We provide comprehensive interior and/or exterior window cleaning of regular, partitioned, French-style and Leaded Glass windows. We very are experienced in rejuvenating your windows and more.

Hard Water Spot Removal

Hard water stains are such a deceiver! Have you ever tried to clean the surface and remove them and you think it is gone, then the second it dries they all come back? Call us today. We have the tools and techniques needed to remove these stains before they become permanent.

Frames and Sills

Hand scrubbing all your aluminum, vinyl (PVC) or wood surfaces including detailed cleaning of all sills.

Screens Cleaned

Using a "rinse-free" solution which cleans, seals and protects your nylon screens; better than new! We can even apply a protective solution to help them remain in good shape for much longer.

POWER WASHING SERVICES

Using compressed water in a fine spray nozzle with detergent makes power washing a very effective method for cleaning all types of surfaces. Excellent choices for power washing are decks, flagstone, awnings, brick and/or aluminum siding, to name just a few.

GUTTER CLEANING SERVICES

Keep your eaves troughs in outstanding working condition. Ask us about installing gutter protection to your home today. We have a couple different options to choose from depending on roof types and home needs. We remove all dirt and debris and check for leaks or clogs in your eaves, with Fall being the high season for eave cleaning due to falling leaves. We also do a great deal of work in the spring by cleaning and clearing your eaves of maple keys and other seedlings.

Gutter Repairs

We take care of minor gutter repairs, clogged downspouts and simple redirection of water flow. We are more than happy to come by and access the work you need done and will let you know if it is in our scope.
